Education

D Y Patil Agriculture and Technical University Kolhapur

Nov. 2021 – Aug. 2025

Bachelor of Technology in Computer Science Engineering | CGPA: 8.29

Kolhapur, Maharashtra

Experience

Webisdom Management Services Pvt. Ltd.

Dec 2025 – Present

Tech Intern (Full Stack Developer)

Pune, Maharashtra

- Developed and maintained full-stack web applications using React, Node.js, Express, and MongoDB.
- Designed RESTful APIs and implemented CRUD operations for application data.
- Integrated frontend components with backend services, ensuring secure data flow and authentication.
- Collaborated with senior developers to debug issues and deploy features.

FZE Digits Solutions

Aug 2024 – July 2025

Power Platform Intern

Pune, Maharashtra

- Developed custom applications using Power Apps to streamline internal processes.
- Automated workflows with Power Automate to reduce manual effort.
- Integrated Microsoft 365 and SharePoint for efficient data management and collaboration.

Projects

Renny Strips – Corporate Website Revamp 🔄 🌐 | *React, Vite, Tailwind CSS, React Router, Node.js, Express, MongoDB*

- Revamped an existing corporate website into a modern, high-performance React application with improved UI, responsiveness, and navigation.
- Built a scalable frontend using React 19, Vite, and Tailwind CSS v4 with reusable components and utility-first styling.
- Implemented client-side routing using React Router v7, supporting flat and CMS-style URLs with dynamic navigation.
- Integrated backend services using Node.js, Express, and MongoDB for content management and data handling.
- Enhanced user experience with toast notifications, form validation, and optimized cross-device compatibility.

ShopCart – A Modern E-commerce Platform 🔄 🌐 | *React, Tailwind CSS, Node.js, Express, MongoDB*

- Developed a full-stack e-commerce platform with product listing, cart management, and order processing.
- Implemented JWT-based authentication and role-based access for users and administrators.
- Designed RESTful APIs for products, users, carts, and orders using Node.js and Express.
- Integrated MongoDB with proper schema design for scalable data persistence.
- Built an admin dashboard to manage inventory, users, and order workflows.

TripZip – Travel and Booking Website 🔄 🌐 | *HTML, CSS, JavaScript*

- Developed a responsive travel booking website with destination search and filtering functionality.
- Implemented client-side validation and dynamic UI updates using JavaScript.
- Optimized layout for cross-device compatibility and improved user experience.
