

Professional Summary

Enthusiastic and detail-oriented **Full Stack Developer** with hands-on experience in **Java, Spring Boot, React.js, and SQL**. Skilled in developing scalable, user-friendly web applications with a focus on clean architecture and intuitive UI/UX. Proven leadership in managing small development teams and delivering end-to-end solutions with strong debugging and optimization skills.

Educational Qualifications

- **B.Tech. (Computer) -- D. Y. Patil Agricultural and Technical University, Talsande.**

Graduated with a CGPA of 8.0/10, reflecting a solid academic performance.

2021-2025
- **12th – Maharashtra Mahavidyalaya, Barshi**

Completed HSC from state board with 85.50 %

2021
- **10th – Maharashtra Vidyalaya, Barshi**

Completed SSC with state board with 75.20%

2019

Internship

Full stack Developer Intern | Nebula Technology, Pune

September ‘24 – present

- Contributing to the development of full-stack applications using React.js (frontend) and Spring Boot + SQL (backend).

- Collaborating with a 4-member team to deliver production-ready modules for business operations.

- Design and optimize SQL database schemas and queries to ensure efficient data management.

Projects

KrushUdyog | Backend Developer | Company Product

- Collaborated with team of 3 backend developers on API design and database architecture

- Engineered 30+ REST APIs for agricultural management platform using Spring Boot and Hibernate.

- Implemented CRUD operations for Product, Supplier, Sales, and Account modules serving frontend applications.

- Implemented secure authentication and role-based access control for financial data APIs.

- Optimized database performance through efficient Hibernate mappings and SQL indexing

- Collaborated with frontend team to ensure API compatibility with React application.

Technologies: Java, Spring Boot, Hibernate, MySQL, REST APIs, Postman, Git.

Personal Portfolio Website | React & Modern Stacks

- Designed and developed a responsive portfolio from scratch using React Vite and Tailwind CSS

- Implemented modern UI with custom SCSS styling, animations, and interactive components

- Integrated contact form with EmailJS library for direct client-to-email functionality

- Utilized various React libraries for enhanced user experience and smooth animations

- Optimized performance achieving 90+ Lighthouse scores through code splitting and asset optimization

- Deployed on Netlify with continuous deployment from GitHub repository.

Technologies : React, Vite, Tailwind CSS, SCSS, EmailJS, JavaScript, Netlify.
